“
Sam helps clients gain perspective when contemplating a structured settlement that gets cases settled and paid.
”

With more than 25 years of experience, Sam Senders brings a seasoned knowledge and a proven record of success to his work as a Structured Settlement Consultant. With a keen understanding of tax-free and tax-deferred periodic payments, Sam helps clients gain perspective when contemplating a structured settlement that gets cases settled and paid.

As a valued member of Arcadia Settlements Group, of the nation's largest creators of structured settlements, Sam's Manhattan office is well versed in the technical use of structured settlements. And as a Certified Medicare Settlement Specialist, Sam guides his clients through the creation of MSAs and the coordination of other government benefits, such as Supplemental Needs Trusts.

To further serve his clients and help them to appreciate New York's challenging settlement math, Sam created an exclusive and proprietary website featuring his custom made online settlement calculators. These calculators instantly tabulate cases subject to the New York Medical Indemnity Fund, wrongful death distributions, CPLR 50A and CPLR 50B judgments, structured Medicare Set-Aside payments and more. With these tools, Sam placed New York's inaccessible settlement and judgment math in the hands of those who need it, when they need it. The calculators are located at SamSenders.com

Utilizing his expertise in New York settlements and judgments, Sam created a CLE presentation, New York Settlement Math Made Easy!, as a way to further educate his clients. He has presented to the New York Medical Malpractice Defense Association, The Defense Association of New York (DANY), and New York area law firms and insurers, as well as the New York City and Nassau County Bar Associations.

Sam's career in settlements began at the Los Angeles-based Farmers Insurance Company, where he served as a Claims Specialist in their Healthcare Professional Liability Division. In 1999, Sam began his work as a Structured Settlement Consultant.

Sam is an active member of industry organizations including the Association for Healthcare Risk Management of New York (AHRMNY) and the Maritime Law Association of the U.S. (Marine Torts and Casualties Committee). Sam has served as President and Treasurer of the AHRMNY Board of Directors, an organization focused on the prevention of hospital based liability claims.

Sam is an avid supporter of the arts and New York's many museums, and when he is not structuring settlements Sam can be found exploring New York's rich culture with his wife Kira and their two children, Solomon and Estella.
